

## One Group of Assets....

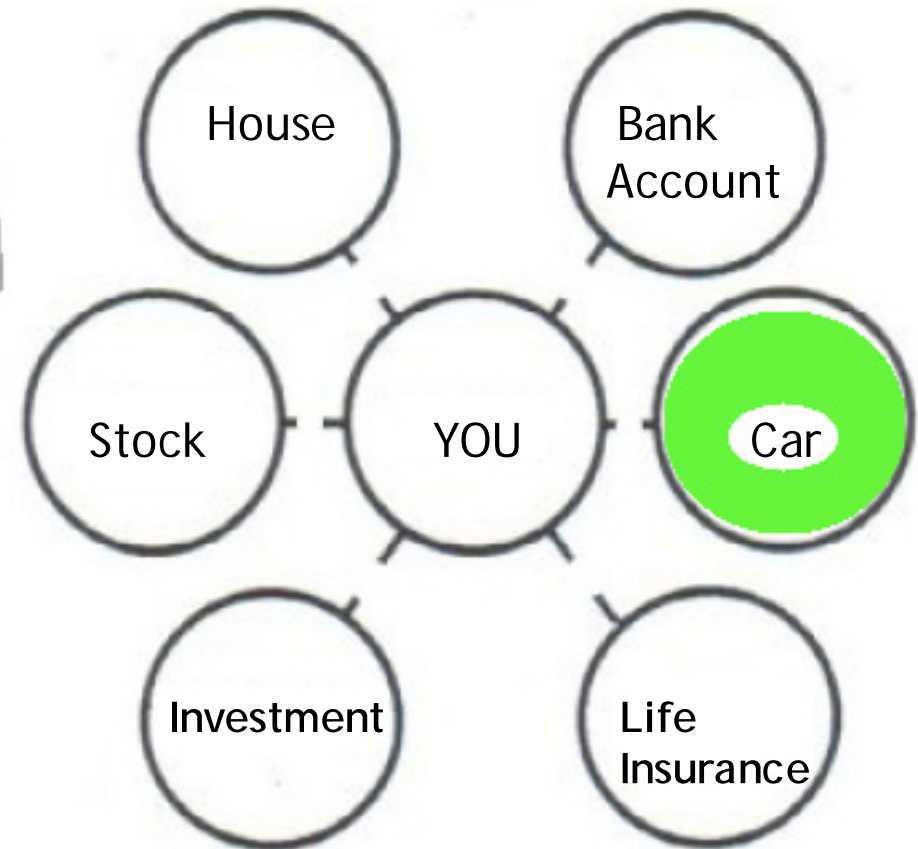

Below is a typical unprotected person with assets (including antique or vintage cars) interconnected in their name:

Combined assets allows a single problem like a lawsuit, medical expense, lien, judgment, tax problem, or divorce to automatically affect the person and ALL assets!

## Or Separate Safety Zones?

The below assets (including antique or vintage cars) are now structured in individual Private Protective Trusts that are unconnected to each other:

Planning (as above) keeps all assets, including classic or vintage cars, (and the person) totally unconnected. This means that a lawsuit may only affect a single asset and the other assets could remain separate, private, and protected!
